

Welcome to GeoKartenbrief 357 which lists new general and geoscientific maps and atlases made available since July 2007.

All items contained in GeoKartenbrief are available from ILH. You either will receive them immediately from our stocks of more than 100,000 titles, or we will procure them for you from any country whatever.

GeoKartenbrief is issued twice a year. In the interval we publish "Monthly Selections" containing some of the new publications which we have recently received. Please let us know, if you want us to put on the mailing list, or see under "<http://www.geokatalog.de/mosel.htm>".

Sie erhalten den GeoKartenbrief 357 mit den geowissenschaftlichen Neuerscheinungen, Karten und Atlanten, die seit Juli 2007 bei uns eingegangen sind.

Alle im GeoKartenbrief angezeigten Veröffentlichungen sind beim ILH (für Buchhändler zum Teil auch bei GeoCenter) erhältlich. Wir liefern entweder ab Lager, das über 100 000 Titel umfasst, oder besorgen sie aus dem jeweiligen Land.

Der GeoKartenbrief erscheint zweimal jährlich. In der Zwischenzeit bringen wir zusätzlich "Monthly Selections", mit einer Auswahl von neu eingetroffenen Titeln, heraus. Bei Interesse nehmen wir Sie gerne in den Verteiler auf. Sie finden die Monatsauswahl auch im Internet unter "<http://www.geokatalog.de/mosel.htm>".

Please observe: GeoKartenbrief supplements GeoKatalog 2. In case of known map series, serials and loose leaf editions a bibliographical description is only given when differing from the basic description in GeoKatalog 2.

Bitte beachten Sie: Die GeoKartenbriefe gelten als Nachträge zum GeoKatalog 2. Bei Kartenwerken und sonstigen Reihen werden bibliographische Angaben nur gemacht, wenn sie von der Grundbeschreibung im Katalog abweichen.
